SOCIAL MEDIA MANAGEMENT

& Targeted Campaigns

SALES

Optimizing New age media outlets such as Instagram, Snapchat, Twitter, and Facebook, can lead to direct increase in sales

MANAGEMENT

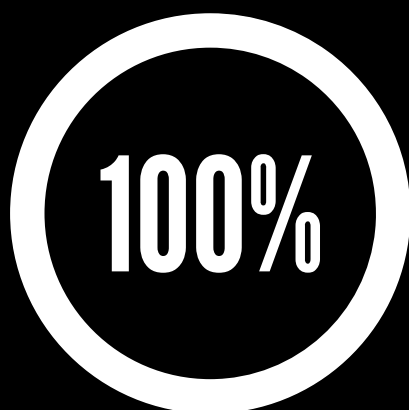

As a business, being active on social media opens many opportunities on a daily basis, therefore its important to handle it the the most professional way possible.

MARKETING

Online marketing can be used as direct or indirect way to promote the business and brand name, and reflect a certain image about your business.

BRAND AWARENESS

Spread your message across the media, and create your presence while associating your brand name with targeted markets, increasing your client base, as well as exposure.

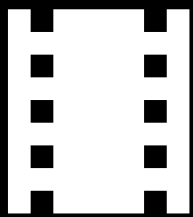

MAINSTREAM MEDIA VS. SOCIAL MEDIA

Social media is the new way to advertise, studies has proven that social media is 100 times more effective than mainstream media. Even in terms of pricing social media is more cost efficient, you reach more views and attractions just by third of the cost of advertising on mainstream media, in addition to having the ability to target a specific fan base, and customize your audience based on their gender, age, and interests.
